CL 32 WireFree™ RTS

Tilt WireFree™ RTS

Roll Up WireFree™ RTS

Somfy is the leading global manufacturer of strong, intelligent, quiet motors and electronic controls for interior and exterior window coverings with more than 110 million motors produced since 1980. For more than four decades, engineers at Somfy have designed products for both the commercial and residential markets to motorize window coverings such as interior shades, wood blinds, draperies, awnings, rolling shutters, exterior solar screens and projection screens. Somfy motorization systems are easily integrated with security, HVAC and lighting systems providing total home or building automation.

## WHY SOMFY?

**Somfy has a committed Customer Support team comprised of Somfy motor and control specialists available for assistance:**

**Somfy Corporate Headquarters**  
800-22-SOMFY (76639)

**General Customer Service**  
877-210-5327

- Somfy has a production capacity of more than 70,000 motors per day.
- Somfy motors have over 600 standards approvals worldwide.
- Somfy has certified over 100 patents since the year 2000.
- Every Somfy motor goes through an extensive quality assurance process including testing in extreme environmental conditions, for electrostatic discharge, mechanical shock, and high life cycle.
- Somfy has a network of 15,000 trained professional installers throughout the world.

Somfy operates in 60 countries, with 76 subsidiaries, and 51 agencies spread across 5 continents. With 7 production centers, Somfy is an efficient and reactive industry leader. Thanks to its strict quality standards, Somfy is able to satisfy the needs of over 270 million users worldwide.

Somfy understands that training and support are critical to success. Somfy's Expert 2.0 Program has been developed to provide a platform for those who want to enhance their expertise of motorization and control solutions. Contact Somfy directly or visit [www.somfypro.com](http://www.somfypro.com) to learn more and sign up for training.

# Conveniently WireFree™

This document is a presentation of the accessories and specifications related to the WireFree™ motor range. It provides the technical information needed to order, fabricate, and sell battery-operated motors. For additional information regarding any of the products in this document including motors, power sources, controls, interfaces etc., please reference [www.somfypro.com](http://www.somfypro.com), where detailed instructions are available for download.

Somfy offers an innovative and simple line of completely battery-powered WireFree™ motors. These motors install in minutes and provide a perfect solution for hard-to-reach window coverings and offer solutions in areas where access to wiring may be a challenge. This allows the ability to create the best living environment with optimal natural light levels at the press of a button without the need for an electrician. The WireFree™ motors are available with a variety of power and control options and easily integrate with home automation systems.

**Radio Technology Somfy® (RTS) allows wireless radio control of motorized window coverings via the RTS family of controls.**

- Hand-held, wall switch and table top controls
- Automatic timer and sun controls
- Easily integrates with 3rd party control systems via RS485

Solar/Roller Shades

Sheer Horizontal Shades

Roman/Woven Shades

Pleated/Cellular Shades

Horizontal Blinds

As with all Somfy products, the WireFree™ motors are backed by a 5 year warranty.

# Cord Lift WireFree™ RTS

## Cord Lift WireFree™ CL32 RTS

Part # 1002422

Offers control via Radio Technology Somfy® (RTS)

### Applications

### Technical features

Voltage Supply	DC
Index Protection Rating	IP 30
Limit Switch Type	Electronic
Limit Switch Capacity	180 Turns

Temperature Working Range	32°F to 140°F (0°C to 60°C)
Insulation Class	Class III
Antenna	RF antenna wire must be positioned outside of headrail and should not come in contact with metal surfaces for greatest RF range. RF wire may need to be repositioned for optimal performance. Antenna wire must not be cut.

### Dimensions - in. (mm)

Motors manufactured after October 15, 2013 feature an integrated button. The reset and programming tool (#9013291) is no longer required or operational.

#### Reset & Programming Tool

Part # 9013291  
Required for resetting/programming  
CT32 motors manufactured prior to  
Oct. 15, 2013. Manufactured date  
located on motor label (shown).

### Fabrication Recommendations

- Do not compress fabric into headrail when setting upper limit. Bottom bar should be 1/4" lower than fully compressed position and should move freely once shade position is set.

### Performances

Voltage	12V DC
Torque	.34 Nm
Thermal Protection	2.5 minutes
Over Current Protection	1.2 Amps
Sound Level	53 dBA
Speed	58 rpm
Radio Frequency for RTS	433.42 MHZ

### Cordlift WireFree™

- Somfy requires Energizer Lithium batteries #L91 that provide patented safety protection.

# Roll Up WireFree™ RTS

## Roll Up WireFree™ RTS LT30 RTS

Part # 1001683

Offers control via Radio Technology Somfy® (RTS)

### Applications

### Technical features

Voltage Supply	DC
Index Protection Rating	IP 30
Limit Switch Type	Electronic
Limit Switch Capacity	80 Turns

Temperature Working Range	32°F to 140°F (0°C to 60°C)
Insulation Class	Class III

**Antenna** RF antenna wire must be exposed and should not come in contact with metal surfaces for greatest RF range. RF wire may need to be repositioned for optimal performance. RF Antenna wire must not be cut.

### Dimensions – in. (mm)

### Performances

ROLL UP WIREFREE™	
Voltage	12V DC
Torque	1.13 Nm
Thermal Protection	2.5 min.
Over Current Protection	1.4 Amps
Sound Level	56 dBA
Speed	27 rpm
Radio Frequency for RTS	433.42 MHZ

### Fabrication Recommendations

- Minimum roller tube inside diameter is > 30mm
- Aluminum tubes required (steel tubes will interfere with motor performance.)
- Somfy requires Energizer Lithium batteries #L91 that provide patented safety protection.
